

Epistle

Iowa Yearly Meeting Conservative Young Friends Group

We had so few people within our demographic,
We had to pair up with the Junior Yearly Meeting.
Taking tours through the nice serene Iowan pasture
Until the collective eventually decided to
Commence a hearty lunch consisting of food
All of which made by the people running
The camp, On the next day we decided
To not venture, but rather have just
A nice intellectual break where I created
My now infamous collage
And we did just eventually deteriorate
Into smacking a ball up at each other,
fun none the less
And on the next day we decided to ditch Scattergood
Took to a nice movie instead, I saw
Animē feature film and I didn't pay a dime
I have no idea how this will end, but I know
1 thing for certain
I need to say thanks to Scattergood.
