QUAKERS & CLIMATE CHANGE

We recognise that catastrophic global climate change is not inevitable if we choose to act urgently.

We recognise a personal and collective responsibility to ensure that the poorest and most vulnerable peoples now, and all our future generations, do not suffer as a consequence of our actions.

We see this as a call to conscience.

We recognise the connections between climate change and global economic injustice as well as unprecedented levels of consumption..."

Facing the Challenge of Climate Change: A shared statement by Quaker Groups (2014)
