TO FRIENDS EVERYWHERE.

Ciudad Victoria Monthly Meeting, México City Monthly Meeting and San Nicolas de los Garza Monthly Meetings gathered on May 15 and 16, 2015 to work on the theme of this Meeting Looking and Getting Peace through the Faith call strengthened in Prayer.

The inhabited spirit made us consider one more time the old spiritual foundations of peace, faith, and prayer tested today in our world, with the current challenges, these gave us hope to continue in our individual as community tasks, knowing that there are others like us that make us company.

Worship sharing was spontaneous, listening in our inner testimonies in which God has shown up time after time to prove himself/herself.

We share with you our illusion to face our times in order to live courageously like our previous people.

We thank God for this unique opportunity to be together.
